

Places are still available on the Defence Leadership courses at DA-CMT Shrivenham, starting part-time in January 2010. As these are MOD funded there is no charge.

These are accredited courses delivered by Cranfield University and can lead to an MSc degree.

Courses are open to both military and civilian personnel who are suitably qualified (a First- or Second-Class Honours degree in an appropriate subject together with relevant experience). The intention is to enable applicants to expand their knowledge and hence their future deployability by investing in their personal development. The primary audience will be those who already have some personal experience of leadership practice and are keen to build on their knowledge and understanding of leadership theory and to improve their leadership practice. The scope covers the defence and wider security sector and the public services more generally.
